

Dear Harold + Lillian,

3-26-96

Enclosed are some more chocolate Ensure pudding. Hope you like chocolate because that is what Hank - Trang is now getting samples of. Things have been up and down, but mostly down, at the clinic where Hank - Trang works. Her boss has continued to fire some people and many have quit. It looks pretty certain Hank - Trang will quit in another month and a half when she plans to go to Vietnam. She could use a change of pace and would like to do some writing, among other things.

Within the next month or so, I have to submit a proposal for an Interim project next Jan. '97. I am considering doing it on the King assassination, especially if I could get a hold of a copy of the transcript of the evidentiary hearing you had for Ray. I tried to get it from Leser a couple years ago, with no luck after we exchanged a few letters. If you have it in your file, perhaps I could locate it and copy it when I come up this summer to do some research ~~along~~ with Dennis.

Hope you are able to get out more now and get some exercise.

Take care,
Genny
